6. A statement of compliance with all provisions of the Illinois Prevailing Wage Act (820 ILCS 130), as amended, and all the rules and regulations therein, for the past five (5) years. Such statement shall also provide that the contractor has reviewed the Prevailing Wage Act or federal Davis-Bacon and Related Acts, has reviewed and agrees to pay the applicable prevailing wage rates attached to the bid specifications, and will strictly comply with the Prevailing Wage Act or federal Davis-Bacon and Related Acts and related requirements, including wages, medical and hospitalization insurance and retirement for those trades covered in the Act. 8. A certification that individuals who perform work on the public works project on behalf of the contractor are properly classified as either (i) an employee, or (ii) an independent contractor under all applicable state and federal laws and local ordinances.

(11) Disclosure of the name and address of each subcontractor from whom the contractor has accepted a bid and/or intends to hire on any part of the project. Further, each such subcontractor shall be required to adhere to the requirements set forth herein as though it were bidding directly to the city. Each contractor shall submit all subcontractor information and supporting documentation to the city prior to the subcontractor commencing work on the project.

(12) Unless otherwise agreed to in a collective bargaining agreement, the bidder shall certify that it provides, or contributes to, a health care plan for those employees working on the project and shall provide a copy of the health plan upon request. The contributions toward a health care plan must be part of the employee's regular compensation, and not merely part of the employee's compensation during the period of time for which the employee is performing work on the project.

(15) Whether the bidder has prequalified as a local bidder.

(b) Any material changes to the contractor's status, at any time during the performance of the project, must be reported in writing to the city within fourteen (14) days of its occurrence. Failure to comply with this requirement is grounds for the contractor to be deemed a non-responsible bidder.

(c) It is the sole responsibility of the contractor to comply with all submission requirements at the time it submits its bid to the city. Contractor submissions deemed inadequate or incomplete may result in a determination that the contractor is not a responsible bidder.

(d) The submission requirements also apply to all subcontractors, except that the contractor shall submit all subcontractor submissions to the city prior to the subcontractor commencing work on the project. Failure of a subcontractor to submit the required information shall not disqualify the successful bidder from performing work on the project and shall not constitute a contractual default and/or breach by the successful bidder. However, the city may withhold all payments otherwise due for work performed by a subcontractor, until the subcontractor submits the required information and the city approves such information. Further, where the city deems necessary, the city may also require that the successful bidder remove the subcontractor from the project and replace it with a responsive and responsible subcontractor.

(e) Bids shall be submitted in a sealed envelope to the city clerk. Each bid shall be addressed to the city clerk and shall bear on the face of the envelope the name of the bidder, a statement that it is a sealed bid to be opened on the day and hour mentioned in the advertisement for bids and a statement of the contract for which the bid is made. Sec. 2-444. Award of contract to the lowest responsible bidder; factors for determination of "lowest responsible bidder".

(a) Contracts which require bidding shall be awarded, after final action by the mayor and city council, to the lowest responsible bidder. In determining the "lowest responsible bidder," the mayor and city council shall consider the following:

1. The ability, capacity and skill of the bidder to perform the contract or provide the service required;
2. The ability of the bidder to perform the contract or provide the service promptly or within the time specified, without delay or interference;
3. The character, judgment, experience and efficiency of the bidder;
4. The quality of performance on previous contracts or service;
5. The previous and existing compliance by the bidder with laws and ordinances relating to contracts, bidding or service;
6. The sufficiency of the financial resources of the bidder to perform the contract or provide the service;
7. The quality, availability and adaptability of the bidder's supplies, equipment, or personnel to the particular use or service required;
8. The ability of the bidder to provide future maintenance and service;
9. The number and scope of conditions attached to the bid;
10. Any monies owed to the city by the bidder, which have remained unpaid for a period of more than forty-five (45) days whether for bills, taxes, licenses or otherwise;
11. Whether the bidder has prequalified as a local bidder ("local qualified bidder") prior to the opening of the bid.
12. Other factors deemed by the mayor and city council to be material and relevant.

(b) Local bidder.

1. For bids in excess of twenty-five thousand dollars ($25,000.00), if the lowest qualifying bid is submitted by a non-local qualified bidder ("non-local qualified bidder") and a local qualified bidder ("local qualified bidder") submitted a bid that is within two (2) percent of the lowest non-local qualified bidder (up to a maximum of twenty-five thousand dollars ($25,000.00)), the local qualified bidder shall be the lowest responsible bidder, so long as the local qualified bidder match the bid price of the non-local qualified bidder, and shall be given written notice by the City of Joliet to that effect. The local qualified bidder shall be provided the opportunity, within three (3) business days from the date of such notice to provide written confirmation to the city that the local qualified bidder will match the bid price of the non-local qualified bidder. Where the bid is an aggregate of separate price components, the local qualified bidder shall reduce the price of sub-components of its aggregate bid to match the aggregate bid of the non-local qualified bidder. Should the local qualified bidder fail to provide such confirmation within the time allowed, the bid shall be considered as originally submitted.

2. When more than one (1) local qualified bidder is within two (2) percent of the lowest non-local qualified bidder (up to a maximum of twenty-five thousand dollars ($25,000.00)) of the non-local qualified bidder, only the local qualified bidder submitting the lowest bid shall be given the opportunity to match the bid of the non-local qualified bidder. Under no circumstance will any contract be awarded
to a local qualified bidder when the local qualified bidder’s bid exceeds the non-local qualified bidder by more than twenty-five thousand dollars ($25,000.00). This policy shall only apply if formal notice of the aforementioned criteria is provided as part of the bid specifications.

(3) This sub-section shall not apply to a bid if the funding source prohibits it through law, rule or regulation or in any situation where any portion of the contract amount is being paid with funds other than city funds. Specifically, this sub-section shall not apply in any situation where the city has received a grant or otherwise received a source of funds other than its own funds.

(4) In the event of a dispute about the application of the provisions of this sub-section, the decision of the purchasing director for any purchase or contract work which the purchasing director is authorized to make shall be deemed final and the decision of the mayor and city council for any purchase or contract work which the mayor and city council are authorized to make shall be deemed final.

Sec. 2-445. Tie bids; procedure for determination of contract award.

(a) If there is a tie between a local, responsible, low bidder and a nonlocal, responsible, low bidder for a contract with the city, the contract shall be awarded to the local, responsible, low bidder, quality and service being equal.

(b) If there is a tie between nonlocal, responsible, low bidders, the contract award shall be determined by the drawing of lots by the city clerk in public upon prior written notice to the affected bidders.

(c) If there is a tie between local, responsible, low bidders, the contract award shall be determined by the drawing of lots by the city clerk in public upon prior written notice to the affected bidders.

Any person may submit in lieu of the performance bond required herein, cash or approved securities in escrow with an escrow agreement approved by the corporation counsel. The amount deposited in escrow shall be in the amount of one hundred (100) per cent of the contract price. Notice of the intent to make such an escrow deposit shall accompany the bid proposal. No withdrawal of the escrow deposit by the bidder shall be allowed until the completion of the project as approved by the city manager. The bidder shall execute the performance bond on a form provided by the city or its equivalent and submit the bond with other required contract documents.

(2) **Performance bond; all other contracts.** The successful bidder, for all other contracts not covered by subsection (d)(1), shall post a surety bond in an amount specified by the city manager to ensure full and faithful performance of the contract conditioned on the full completion of the contract according to its terms and the payment for material and labor used in such completion. The bidder shall execute the bond on a form provided by the city, or its equivalent, and submit the bond with other required contract documents.

(e) **Prequalification; construction contracts over one hundred thousand dollars.** When the estimate of construction contracts exceeds one hundred thousand dollars ($100,000.00), all bidders shall become prequalified in one of the following ways:

1. If an interested bidder is currently prequalified by the State of Illinois, such bidder shall submit a copy of said prequalification statement to the city clerk prior to the date set for bid opening.

3. Bids from bidders who have not submitted required prequalification documents as required in subsections (e)(1) or (e)(2) shall not be opened.

(f) **Prequalification; state motor fuel tax contracts.**

1. Notwithstanding subsection (e), all bidders on any contract which is funded from the state motor fuel tax fund shall submit, when required by the state, a current certificate of eligibility issued by the state to the city clerk prior to the date set for bid opening. (2) Within twenty-one (21) days after submittal, after review of the prequalification application and supporting documentation by the finance department, the finance department will notify the bidder on whether the bidder qualifies as a local qualified bidder. A bidder aggrieved by the decision of the finance department in the failure to qualify as a local bidder shall have the right of appeal to the city manager or designee (who shall not a member of the finance department). The appeal shall be taken by filing with the city clerk, within fourteen (14) days after notification of the bidder of the failure to qualify as a local bidder, a written statement setting forth fully all of the grounds for the appeal with all supporting documentation. The city manager or designee shall set a time and place for a hearing on the appeal and notice of the hearing shall be given to the bidder in writing not less than five (5) days before the date set for hearing. The decision of the city manager or designee on the appeal shall be in writing within a reasonable period of time. If qualified as a local qualified bidder, said prequalification shall be valid following the date of certification by the finance department.

(3) If qualified as a local qualified bidder, the bidder shall be required to keep current any information submitted in the prequalification application and/or supporting documentation.

(4) If a bidder submits a bid and indicates on the bid documents that said bidder is qualified as a local qualified bidder and it is subsequently determined that said bidder is: a) not qualified as a local qualified bidder for failing to keep current any information submitted in the prequalification application and/or supporting documentation, or b) falsified any information in the prequalification application or supporting documentation, said bidder shall not be provided the opportunity to match the bid price of the non-local qualified bidder as set forth in section 2-444(b) and shall not be awarded any bids by the City of Joliet for a period of three (3) years.
