ORDINANCE NO. 6, 2016

An Ordinance to Establish Responsible Bidding Practices and Submission Requirements for Submitting Bids to Perform Construction Work on Public Works Projects

WHEREAS, the City of Valparaiso is required by law to award capital improvement contracts to the "lowest responsive and responsible" Bidder;

WHEREAS, the City, based upon its experience, has determined that quality workmanship, efficient operation, safety, and timely completion of projects requires all Bidders meet certain minimum requirements in order to be a "responsive and responsible" Bidder;

WHEREAS, applicable state law also requires that Bidders meet certain minimum requirements in order to be a "responsive and responsible" Bidder;

WHEREAS, the City seeks to enhance its ability to identify "responsive and responsible" Bidders on all City public works construction projects by institution of more comprehensive submission requirements which are in compliance with Indiana State law;

WHEREAS, the "Responsible Bidding Practices and Submission Requirements" Ordinance will preserve administrative resources by insuring that only qualified Bidders and subcontractors are awarded contracts on public works construction projects;

WHEREAS, the "Responsible Bidding Practices and Submission Requirements" Ordinance will assure efficient use of taxpayer dollars, will promote public safety and is in the public interest; and,

WHEREAS, the "Responsible Bidding Practices and Submission Requirements" Ordinance will help ensure that no Bidder awarded work under this Ordinance engages in payroll fraud, including the misclassification of employees as independent contractors, avoiding paying state, federal or local payroll taxes, workers compensation insurance, unemployment insurance premiums and failing to pay overtime and wages as required by law.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF VALPARAISO, PORTER COUNTY, INDIANA THAT:

SECTION 1. This Ordinance No. 2016—____ which is entitled "Responsible Bidding Practices and Submission Requirements for Submitting Bids to Perform Construction Work on Public Works Projects," is hereby enacted and shall read as follows:

The City reserves the right to request supplemental information from the Bidder, additional verification of any of the information provided by the Bidder, and may also contact any of Bidder’s current and prior customers.

(b) It has been the practice of the Board of Public Works and Safety (“Board of Public Works”) when receiving bids for City projects, to take bids it receives under advisement and to request City Staff to confirm a bid’s compliance with the provisions of the bid document. At a subsequent Board of Public Works’ meeting, City Staff recommend a bid to the Board of Public Works to be considered. As part of City Staff’s review and due diligence, City Staff shall confirm that the recommended Bidder has furnished the information required above. Should the Board of Works reject the recommendation of City Staff and prefer another Bidder, City Staff shall confirm that such Bidder has furnished the information required above.

II. Post-Bid Submissions from Subcontractors

Within five day after a bid is awarded, the successful Bidder shall provide a written list that discloses the name, address, and type of work for each subcontractor from whom the Bidder has accepted a bid and/or intends to hire on any part of the public work project, including individuals performing work as independent Bidders. Although Bidder’s subcontractors shall not be required to initially furnish the information referenced above, upon written request by the City, the successful Bidder shall obtain from any designated subcontractor any information identified in Section I(a)(1)-(12). Such shall be provided to the City within five (5) business days of being requested.

III. Validity of Pre-Qualification Classification

Upon determination by the City that a Bidder’s submission is complete, the Bidder may be pre-qualified for future City public works projects. A Bidder’s classification as "qualified" shall exempt the Bidder from the submission requirements contained in Section I for the remainder of the calendar year in which the determination was made. Bidders who are pre-qualified must submit a Certification that there have been no material changes in the information provided in Section I. To the extent there have been material changes, the Bidder must supplement their application. Failure to timely supplement the information provided shall constitute grounds to reject a Bidder’s bid and/or determine the Bidder to be in default.

The pre-qualification designation is solely within the discretion of the City and the City specifically reserves the right to change or revoke the designation for any stated written reason(s).
IV. Incomplete Submissions by Bidders

It is the sole responsibility of the potential Bidder to comply with all submission requirements applicable to the Bidder in Section I. Submissions deemed inadequate, incomplete, or untimely by the City may result in the automatic disqualification of the bid; however, nothing contained herein shall prevent the City from requesting supplemental information from the Bidder.

V. Responsive and Responsible Bidder Determination

The City, through the Board of Works, after review of complete and timely submissions, shall, in its sole discretion, after taking into account all information in the submission requirements and any additional information it deems relevant, determine whether a Bidder is responsive and responsible. The City specifically reserves the right to utilize all information provided in the Bidder's submission or any information obtained by the City through its own independent verification of the information provided by the Bidder.

VI. Certified Payroll

For projects that qualify under this Ordinance, the successful Bidder shall submit a certified payroll report utilizing the federal form now known as a WH-347 which must be prepared on a weekly basis and submitted to the City with its request for payment. These certified payroll reports shall identify the job title and craft of each employee on the project, e.g. journeyman electrician or apprentice electrician. In the event any Bidder uses independent contractors to perform work on the project, such individual must be identified on the WH-347 form with the same information as is required for employees. The City may, but is under no obligation, to verify information provided by Bidder. This may include interviewing employees/independent contractors and others involved in the payment of wages.

Failure of the Bidder and/or Bidder's employees/independent contractors to fully cooperate with the City and/or the determination by the City of material errors in the Bidder's documentation shall result in the Bidder being held in default.

The City may withhold payment due for work performed by a Bidder if the Bidder fails to timely submit its certified payroll reports until such time as such certified payroll reports are submitted. The City may also withhold payment due for work performed by a subcontractor if the subcontractor fails to timely submit its certified payroll reports until such time as such certified payroll reports are submitted.

Although Bidder’s subcontractors shall not be required to initially furnish certified payroll reports, upon written request by the City, the successful Bidder shall obtain from any designated subcontractor and provide to the City certified payroll reports. Such shall be provided to the City within five (5) business days of being requested.

VII. Public Records

All information submitted by a Bidder pursuant to this Ordinance, including certified payrolls, are public records subject to review pursuant to the Indiana Access to Public Records law.
VIII. **Penalties for False, Deceptive, or Fraudulent Statements/Information**

Any Bidder that willfully makes, or willfully causes to be made, a false, deceptive or fraudulent statement, or willfully submits false, deceptive or fraudulent information in connection with any submission made to the City may be disqualified from bidding on all City projects for a period of up to **three (3) years**. Notwithstanding the proceeding, a Bidder that is found to have engaged in a pattern of submitting false, deceptive, and/or misleading information to the City, whether willful/intentional or not, shall be subject to the same disqualification.

For Projects that fall under the requirements of Section VI, the City may engage in an audit and/or verification process of the information provided. To the extent that material errors are identified, the City may do the following:

i. require the Bidder to reimburse the City the actual cost of the audit;
ii. assess a penalty of up to $1,000 — it being determined that each material error constitutes a separate violation of this Ordinance.

IX. **Conflicting Ordinances/Bid Documents**

Any ordinance or provision of any ordinance in conflict with the provisions of this Ordinance is hereby repealed only to the extent of such conflict. Nothing in this Ordinance shall relieve Bidder of any obligation under any bid documents and/or obligations under federal, state and local law, as applicable.

X. **Severability**

If any provision of this Ordinance is found to be invalid, the remaining provisions of this Ordinance shall not be affected by such a determination. These other provisions of this Ordinance shall remain in full force and effect without the invalid provision.

XI. **Waiver of Requirements**

To the extent that the funding source for a specific project limits or precludes the application of this Ordinance (or specific parts of this Ordinance), such provisions shall be waived.

XII. **Method of Submission and Retention of Documentation**

The City may specify in any bid documents the manner in which information is to be provided to the City. Such method may include electronic submission. It shall be the sole responsibility of the Bidder to ensure that any electronically submitted material is accessible and readable. The City shall not be responsible for any submitted material that cannot be accessed. Documents received under this Ordinance shall be held and retained by the City Department overseeing the project.

**SECTION 2.** It is hereby found and determined that all formal actions of this Council relating to the passage of this Ordinance were adopted in open meeting(s) of this Council and that all deliberations of this Council and its committees that resulted in such formal actions, were meetings open to the public, in compliance with all legal requirements and that the reading and adoption of this Ordinance complies with the City Code, as amended.
SECTION 3. This Ordinance shall be in full force and effect from and after the date of adoption by the Common Council of the City of Valparaiso, Porter County, Indiana.
